At Texarkana Independent School District, we believe that a personalized education maximizes the potential in every student. To achieve this vision, TISD has instilled educational ownership within our student population through an innovative educational tool called KNOMI. KNOMI allows students the opportunity to dream about where they want to be in the future and teaches them how to achieve their dream.

KNOMI's teaching strategy focuses on four life destination points: Home & Family; Community Involvement & Service; Hobbies, Recreation & Wellness; and Education & Career. Though this approach, students learn how to set SMART (*specific, measurable, attainable, realistic and timely*) goals and are able to track their attainment status of those goals online. Academic elements are included helping students stay up-to-date with their assignment grades, six week averages and attendance. This information, communicated to teachers and parents/guardians, will involve everyone in making our student's dreams a reality.

This one-of-a-kind educational tool is now being opened to all parents/guardians through our Parent Access Center.

***TO OBTAIN AN ACCOUNT,
COMPLETE AN ONLINE APPLICATION AT:
WWW.TXKISD.NET***

Your application will need to be submitted along with a photo ID to the campus of your youngest child. Upon submission of your completed application and materials, TISD will assign a unique username/password which will allow you to be able to log on to knomi.net at any time.

The parent/guardian page is not a fully customized site like what we have for students and teachers but rather a read-only view of your student's page with the ability to view all assignments, messages from teachers and administrators and event information.

Through KNOMI, you will work as an educational team member with your student and their teacher to develop academic and personal goals that will enable your student to achieve their dreams.

Q *How can I get a knomi login to see my student(s)' pages?*

A You will need to complete an application for the Parent Access Center and turn it, along with a copy of your photo id, into the campus or Central Office.

Q *What if I do not see one of my students listed?*

A If you do not see one of your students on knomi or the Parent Access Center, please send an email with your student's name to Amanda.Crabtree@txkisd.net.

Q *Where can I get a Parent Access Center application?*

A You can download one off of our website at www.txkisd.net or you can fill one out at the campus.

Q *What if my student's knomi account does not work (login failed error, forgotten password)?*

A You will need to contact your campus Instructional Technology staff.

Q *What if I already have a Parent Access account?*

A If you already have a Parent Access account, all you will need to do is login to www.knomi.net with your user id and password. You do not need to reapply each year or for each student individually.
